Subject: Re: Verification of Information Concerning Exceptions Regarding Private or Non-Commercial Use in Tanzania

Good morning.

Thank you for this consideration reminder, it's true that the correct section is section 37 though it is written section 38. It should be noted that the sections was not arranged in chaological order so where is written for example section 38 and you find [S.37] the correct section is the section on the end of the provision.

For reference,

38. Limitation of rights (1) The rights under the patent shall extend only to acts done for industrial or commercial purposes and in particular not to acts done for scientific research.

(2) The rights under the patent shall not extend to acts in respect of articles which have been put on the market in the United Republic by the owner of the patent or with his express consent.

(3) The rights under the patent shall not extend to the use of articles on aircraft, land vehicles or vessels of other countries which temporarily or accidentally enter the United Republic.

(4) The rights under the patent shall be limited by the provisions on the patent term contained in Part VIII.

(5) The rights under the patent shall be limited by the provisions on compulsory licences for reasons of public interest or based on interdependence of patents contained in Part XI and by the provisions on Government exploitation of patented inventions contained in Part XIII.

[s. 37]

Therefore, disregard the previous information on section 63(1) and make a consideration on section 37 according to my clarification above.

Thank you
